

ICME-IMEC Joint Conference 2025

HYBRID CONFERENCE

Globalisation of Health Professions Education:
Strategies, Stakeholders and Sustainability

9 - 12 October 2025 | IMU University, Kuala Lumpur, Malaysia

Join us for an engaging joint conference between the 18th International Medical Education Conference (IMEC) and the 8th International Conference on Medical Education (ICME). This event explores diverse perspectives on the impact of globalisation on health professions education. Participate in dynamic discussions on mobility programs, globally inclusive curricula and cross-border research collaborations that transform the exchange of ideas, foster innovation and promote cultural understanding.

Key objectives:

- Explore global strategies and address current challenges and future directions
- Promote innovative education methods and technologies for sustainability in medical education
- Engage with key stakeholders

Who should attend?

- Health professionals and educators
- Researchers and academics
- Students and trainees

Join us online or in-person to shape the future of health professions education on a global scale.
